Important Upgrade at Sir Hubert Wilkins Aerodrome

Council is in the process of completing a key upgrade at the at Sir Hubert Wilkins Aerodrome in Jamestown, which will improve aviation safety and help maintain reliable aeromedical access for Jamestown and surrounding communities. This has been made possible through a fifty percent total project contribution of just over $61,000 from the Federal Government through the Regional Airports Program, with Northern Areas Council providing the matching amount.

The upgrade includes improvements to the aerodrome's pilot-activated runway lighting system, the installation of a new illuminated wind direction indicator and supporting airstrip lighting infrastructure. The works are important for local aviation users, visiting pilots, emergency services and the Royal Flying Doctor Service.

2026 Hallett Community Grants Program

Now open! With $10,000 available to support projects and in the areas of Education and Social inclusion.

Apply Now

Are your club facilities in need of an upgrade?

Grants are on offer to support the development of sustainable, inclusive and fit-for-purpose recreation and sport facilities. New for 2026-27, a streamlined two-stage application process starts with a Registration of Interest (ROI), reducing the administrative burden for applicants before progressing to a Full Application.
