

NAC Infrastructure Program Guidelines - Key Points to Consider

When considering each project, ask:

✓ **Will it benefit the Laura community?**

Improve facilities, services or opportunities for local people.

Create a stronger, more connected community.

Support community wellbeing and quality of life.

✓ **Will it support future economic growth?**

Attract more visitors, residents or businesses.

Create opportunities for employment, investment or tourism.

Help strengthen Laura's future economy.

✓ **Is it a worthwhile investment?**

Delivers significant benefits for the community.

Provides good value for money.

Makes a lasting positive impact.

✓ **Can it realistically be delivered?**

Is practical and achievable.

Could commence within a relatively short timeframe.

Has a clear pathway to completion.

✓ **Does it attract additional funding or support?**

Could leverage funding from other government programs, businesses or community groups.

Encourages partnership and shared investment.

✓ **Will the benefits last for future generations?**

Creates long-term community value.

Improves or builds infrastructure that can be enjoyed for many years.
